

Safe School – Cyberbullying Policy

The Cyberbullying Policy is a subsection of the School's policy against Bullying

What is Cyberbullying?

Harassment and bullying means subjecting another person to behaviour that is hurtful, threatening or frightening. It means treating others with a lack of respect.

There are many forms of harassment or bullying – one increasingly common form is known as “Cyberbullying”.

Cyberbullying takes many forms. It may include:

- On Line Harassment:** repeatedly sending offensive messages and/or the posting of nasty and hurtful comments using electronic means;
- Cyberstalking:** online harassment that can include repeated threats of harm/intimidation or continual inappropriate comments;
- Masquerading:** pretending to be someone else on a site and/or posting material that makes another person look as if they are participating in cyber-bullying;
- Outing:** sending or posting material that is sensitive or embarrassing including forwarding private messages or images;
- Exclusion:** deliberately excluding another from an online group, mailing list or text/chat/MSN type conversation.

Cyberbullying can occur using the following applications:

Email, personal websites, chatrooms, social networking sites such as MySpace/Facebook, video uploading sites such as YouTube, blogs, wikis, SMS, MSN, forums, webcams and phones.

Whilst cyberbullying may occur using the School's or an individual's personal equipment, telecommunications provider or Internet Service Provider, its effect can still impinge on the School. The School may determine a response or intervention strategy even if the bullying occurs outside the School's immediate jurisdiction.

The use of the School's computer network, internet access facilities, computers and other School ICT equipment/devices on or off the School sites is limited to educational purposes appropriate to the educational environment.

The use of any privately owned or leased ICT equipment/devices on the School's sites, or at any School related activity must be appropriate to the School environment.

The use of any privately owned ICT/technological devices outside the School sites should be appropriate and should be mindful of both the moral and legal requirements relating to bullying and harassment. Cyberbullying and online stalking is illegal and can result in criminal charges.

Evaluation

This policy will be reviewed as part of the College's three-year review cycle, however it may be reviewed before the review date in response to relevant changes, or as requested by the Principal or School Board

March 2014
